Hi, I'm Kayla! I am a board-certified Family Nurse Practitioner. After graduating from Alverno College, I started my nursing career and spent several years at Froedtert Health, working on the surgical oncology floor & float pool. Those experiences gave me the opportunity to care for a wide variety of patients and taught me the importance of treating each person as a whole.

I later went on to earn my Master of Science in Nursing through Herzing University. Becoming a nurse practitioner has been such a rewarding path. Helping patients make informed decisions about their health, while focusing on quality of life, is at the heart of my practice.

Beyond my work, travel is a big passion of mine. I have been fortunate to explore many countries already, and I am always excited to keep adding more to the list!
