Hello, My name is Alicia. I have been a Certified Medical Assistant for 10+ years. I graduated from Rasmussen University

and have been dedicated to providing compassionate and quality care to patients as well as supporting some amazing doctors and practitioners ever since. I started my career in OB/GYN then spent 5 years working in Neurosurgery and another 5 years working in Urology. I love what I do and have always had an affinity for caring for people.

Outside of work I am a mother of 2 amazing teens, 2 dogs and 2 cats. I love to spend time outdoors camping, kayaking, paddling, boarding, disc golfing, hiking and taking nature photos. I have a passion for cooking, live music and taking care of the people I love.
