Hello, my name is Mae Lou. I have been working in the medical field for the past 20+ years. I received my medical training From FVTC. I have a degree in

EMR First Responder, Advanced Emergency Medical Technician, Nursing Assistant, and AHA CPR Instructor.

I have 20 years' experience as a medical assistant, 23 years as a CPR instructor, 8 years' experience working in the Emergency Department, and 24 years teaching at FVTC as EMS Adjunct Faculty. I enjoy giving good quality medical care while working as part of a team to our patients.

I love spending time with my family and friends. I have two adult boys, a wonderful daughter-in-law, and two beautiful grandsons who are my world and my greatest blessing. I enjoy camping, kayaking, Packer games, riding our E-bikes, listening to live music, and hanging out at the family cottage on the Chain O'Lakes. I have a strong faith and God has blessed me.
