Hello! My name is Rebecca (Becky) and I have been a Registered Nurse since 2012. I have over 20 years of experience in healthcare. I began as a CNA, became a Medical Assistant and then an RN. I have worked in LTC, acute care, medical office, utilization management and in case management. Throughout my career it's been wonderful to learn about different aspects of healthcare and to contribute to patients' health in a variety of settings.

I am excited to join Sequoia to build strong relationships with patients and their families to provide patient-centered care.

In my non-working time I enjoy being at home with my husband and our 4 cats. I also love to read, watch basketball and spend time in my garden.
