I am a family nurse practitioner. I graduated from Concordia University Wisconsin and am board-certified by

the ANCC. I am born and raised in the Green Bay, WI area, and have been practicing in health care since 2009 in various roles.

Throughout my career, I have been dedicated to providing patients across the lifespan the right care at the right time, primarily working in skilled nursing facilities, assisted living facilities, and home health. It has become increasingly apparent to me that these three areas of healthcare have some of the highest disparities and I am looking to positively change this.
