I have been in the healthcare field for 19 years. I was born and raised in Kenosha County, WI, and I moved to the Green Bay Area 13 years ago to pursue my nursing dreams. I graduated from NWTC in 2015 as an LPN.

Starting at a very early age, I've had a burning desire to help others. I became a CNA as soon as I could. I spent my younger years working in group homes, TBI hospitals, and in home health. Since becoming a LPN, I have focused on our aging population and their quality of life and care. I set out each day looking for opportunities to make someone's day better.

With Sequoia, we work closely as a team, making each interaction a priority. From Triage, Telehealth and in-person visits, our team is dedicated to you every step of the way.
