Hi, I'm Kristen, a Registered Nurse with 8+ years of healthcare experience. I graduated from Bellin College in 2018. I have worked as a CNA, phelbotomist, RN on cardiology floor home health and hospice. Helping others and being their advocate is a passion of mine.

I am a dedicated and compassionate nurse who truly values building meaningful connections with my patients. I love being part of their care journey and take pride in providing support, comfort, and attentive care tailored to each individual's needs. I look forward to meeting new patients, getting to know their stories, and working alongside the provider to ensure they receive the highest quality care. Being able to make a positive impact, even in small ways, is what makes my role so rewarding.

When I am not working I enjoy spending time with family, adventuring with friends, traveling, playing volleyball, finding new coffee spots and staying active.
